Ladies' skating contest tonight. The soda water fountains have been restocked with ice cream. The vacant lot football teams are becoming more numerous than ever. The pavers are working on West Sixth avenue, between Polk and Taylor streets.

Roy Crawford returned Thursday afternoon from a trip to New Orleans and St. Louis.

All economical ladies read about the Palace's sale of women's sample shoes. See separate ad.

The Oklahoma-Washburn game will be played in Topeka Thanksgiving Day. The management of both teams reached an understanding late last night.

O. L. Lennon of Ness City, one of the Independent members of the house, is in Topeka looking for a house in which he will live during the meeting of the legislature.

Dr. S. S. Estey, pastor of the First Presbyterian church, has refused the call to the King's Highway church in St. Louis which was tendered him several days ago.

J. D. Pattison, who has been desk sergeant of the city sanitary department for a good many years, has announced his candidacy for the office of city treasurer.

George W. Bainter, the newly appointed manager of the Midwinter show, is looking for a suitable room for his office, but has not yet succeeded in finding suitable accommodations.

The annual meeting of the Kansas branch of the Red Cross society will be held tomorrow (Saturday) afternoon at 2 o'clock in the office of Governor Hoch in the state house. There will be reports of officers for the year, election

of new officers for 1909, etc. Governor Hoch is present president.

Chief Justice Johnston, who has been at a hospital for several weeks recuperating from a surgical operation, took a drive Thursday. He went as far as the state house but did not leave his carriage.

General Hugh Cameron, of Lawrence, the Kansas hermit, came to Topeka today. The general will make a short visit with Mr. Nesbitt Elmore, of Tecumseh, before returning to Camp Harrison.

The meeting of the Shawnee County Alfalfa club will not be held this month. The regular time for the meeting is November 24, but the boys' corn contest will be held in the Auditorium on that date.

A prompt return of the tax lists which have been sent out to various of the taxpayers in the county by the county treasurer's office will greatly facilitate the work of that office, says Stanley Medlicott, the county treasurer.

The residents along Locust street are now protesting over the expense of the improvements in Parkdale. They must pay for the Bidde creek spillway and the paving from Eighth to Fourth avenues, thus saving the entire neighborhood from the overflow from the creek in the times of flood. However, these improvements were not forced on the Locust street people by the council. They were only ordered made after they had been petitioned for.

Another week of fair weather will witness the finish of the West Sixth avenue paving. This will be the banner paved street in the state of Kansas. It will require a couple of weeks to finish the West Tenth avenue work. The city engineer hopes, even in the face of bad weather, to finish the Locust street and West Tenth avenue jobs before the real winter weather sets in.

There are at present a dozen paving petitions in the hands of the street and walks committee, which means plenty of paving work for next spring and summer. Most of these petitions

are for only one block of paving to connect up paving that has already been laid.

Procrastination is the thief of time, and also works destruction to any domestic policy. The mass meeting yesterday evening held for the purpose of pushing the movement for a commission plan of government for this city to the stage of action resulted in a boomerang against the new form of government, all because of the successful efforts for delay of those opposed to the plan. The matter has been tabled for an indefinite period. In the meantime six or eight of the best and most progressive cities of the state are agitating the adoption of the commission plan of government and it is expected that the next session of the legislature will amend the law so that it will cover the Des Moines idea in its entirety.

WOODMEN AT WICHITA.

Be 500 Candidates Initiated at Grand Rally December 4.

Wichita, Kan., Nov. 20.—Friday, December 4, will be grand rally day for the Woodmen of the World in Kansas. Arrangements are being made by the local camp to entertain members of the order from all parts of the state and it is expected that there will be 500 candidates for initiation.

Commander General J. C. Root and George F. Wooley, chief manager, will be present at the meeting with the famous Seymour Guards of Omaha. They will come from Omaha on a special train and will bring their own scenery, with which to conduct the initiation. The Seymour Guards is the champion team of the United States, and under the direction of Colonel Philip Miller, city manager of Omaha, will give one of the best exemplifications of the Woodmen ritual ever seen in the state.

The Wellington camp has engaged a special car and will be well represented here, and the Independence uniform team is expected, besides large delegations from all of the surrounding towns.

CARNEGIE FOR FREE STEEL.

Removal of Tariff Advocated in a Magazine Article.

New York, Nov. 20.—When questioned concerning an article shown him on the tariff which is soon to appear in a New York magazine, Andrew Carnegie declined to deny that he advocated the removal of the entire tariff on steel.

Mr. Carnegie's attitude was sought in view of a report that he had decided that the tariff could be removed without hitting the American steel industry and that he intended to describe this in detail in the forthcoming article. When seen Mr. Carnegie said:

"The article has been announced in the steel fall and it will speak for itself in a few days. It is a companion article to the one on 'rates and rebates,' which I wrote for the same magazine."

CUT RATES TO STAY.

Railroads Refuse to Give Up Reduced Fares for Excursions.

Chicago, Nov. 20.—The plan of the western railroads to abolish all special excursion fares less than two cents a mile after January 1 in the territory between Chicago and the Missouri river, has been defeated through a letter ballot. The practice of making special rates for conventions and similar gatherings, usually on the basis of a cent and a half per mile, will be continued.

The project of making two cents a mile the minimum rate for all occasions had been advocated by the majority of the lines. It was defeated by the objection of certain roads, who were reluctant to give up homeseekers' rates and by those believing in the policy of "bargain" rates to stimulate their traffic on special occasions.

Several rates for which applications have been made to the roads can now be determined. One of the most important is the rate to the Alaska-Yukon-Pacific exposition to be held next year in Seattle. The rate from Chicago will undoubtedly be made on the basis of 1 1/2 cents a mile, which will give a through rate of \$62.

In regard to the homeseekers' fares, which were also held up until the result of the vote was known, the joint committee representing the Western Passenger Commission and the Southwestern Excursion bureau has recommended that the same homeseekers' fares apply to the west and southwest for the months of January and February, 1909, as are in effect for the month of December, 1908; that is, about 1 1/2 cents per mile.

Booth's Trunks for Sale.

New York, Nov. 20.—Two trunks containing a large part of the wardrobe of Edwin Booth, the actor, will be sold at auction in this city on December 4. The trunks, since Booth's death, 15 years ago, have been preserved by his daughter Edwin, Mrs. I. J. Gross, who is soon to make her home abroad.

Ohio Banker to Kansas Prison.

Leavenworth, Kan., Nov. 20.—W. H. Schmick, former cashier of a bank at Cleveland, Ohio, was committed to the United States prison for a term of five years. The commitment reads "charge unknown."

ONE SIDE OF HEAD ENTIRELY BALD

Hair Began Falling Out After a Severe Illness—Consulted Several Barbers without Satisfaction—Friend Cured Same Trouble with Cuticura and Advised His Use.

CUTICURA REMEDIES EFFECTED HIS CURE

"After a severe attack of sickness my hair fell out all over. One side of my head completely bald. I was frightened, not knowing what to do for it. I was almost wild. I consulted several barbers with no satisfaction. A friend of mine told me that his hair fell out in patches all over. He had secured a set of Cuticura Soap, Cuticura Ointment and Cuticura Resolvent which stopped his hair falling out and made it grow again as thick as ever. He induced me to try the Cuticura Remedies. I began using them and in forty days, more or less, I noticed my hair coming out all over the bald spots. I was so glad I did not know how to praise the greatness of Cuticura. I used three cakes of Cuticura Soap, three boxes of Ointment and two bottles of Resolvent Pills. I can prove by numbers of persons that I was bald before using the Cuticura Remedies, and you may use my name as a guarantee of their wonderful cure. George Simmons, 1630 So. Franklin St., New Orleans, La., October 10 and 22, 1907."

SKIN COMFORT

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is in reality an internal inflammation—a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. Uric acid, an irritating, inflammatory accumulation, gets into the circulation because of physical irregularities, and then instead of nourishing and invigorating the body, the blood irritates and inflames the different nerves, tissues, muscles and joints, because of its impure, acrid condition. The pains and aches and other disagreeable and dangerous symptoms of Rheumatism can never be permanently cured until every particle of the cause is driven from the blood. S. S. S. does this because it is a perfect blood purifier. It goes down to the very bottom of the trouble, purifies and cleanses the circulation, invigorates the blood, and completely drives Rheumatism from the system. Plasters, liniments, soothing lotions, etc., may be used for the temporary relief and comfort they bring, but a cure cannot be effected until S. S. S. has removed the cause. It frees the blood of every impurity and makes it a rich, health sustaining fluid, to bring permanent relief and comfort to those who suffer with Rheumatism. Book on Rheumatism and any medical advice free to all who write.
